

NUT-FREE/PEANUT-FREE SNACK IDEA LIST (Updated April 2017)

Please note: Food labels/ingredients may change over time, so it is ALWAYS important that you read the label before purchasing snacks. This list is only to serve as a resource. It is in no way complete and is subject to manufacturer recalls and mislabeling. Manufacturers may have changed their equipment or product line since you last purchased an item from this list. **If you do send in a snack that does not have the nutrition information on the packaging, please send in a copy/picture of the nutrition information to show that it is nut-free/peanut free. If you send in Wow Butter or another safe butter, please label it so we know that it is NOT peanut butter. Thanks.**

Reading Labels:

Some manufacturers clearly state if a product has peanuts/nuts in bold print while with others, it is almost hidden. **Please read the label each time you purchase foods to make sure ingredients have not changed.** Do not purchase items with allergy and ingredient alerts such as:

"May Contain Peanuts or Tree Nuts"
"Processed on shared equipment with Peanuts or Tree Nuts"
"Contains Peanut or Tree Nut Ingredients"
